

# FIRECRACKERS WTX

**Firecrackers WTX** is committed to the personal and athletic development of our players. We facilitate an environment that will help grow our players as people, as well as athletes with the goal of earning a scholarship to play College Softball. Our teams are highly scouted and have many colleges in the Midwestern and Southern US Regions, currently tracking our players.

We have many coaches and advisors, within the **Firecrackers WTX** organization, that are well connected and experienced in coaching, playing and recruiting at the highest levels. They have either played in college, on scholarship, themselves or have helped players receive athletic scholarships.

Our 18U team is coached by **Tracy Clark** (Very well connected in the fastpitch community and experienced coach/recruiter – Played College Football at Texas Tech University), **Adriana Perez** (Played and coaches at Texas Tech University - current member of Mexico National Team) and **Morgan Colburn** (All-American at Odessa College and current player at LCU)

Our West Texas teams have made, or are scheduled to make, appearances in some of the largest tournaments in the country, which include:

**Colorado Sparkler**

**Las Vegas JO Classic**

**Ronald McDonald Showcase**

**Arizona FroShow Showcase**

**ASA A Nationals**
